University Proven

Mitigate MZ™ 5-0-0, the ultimate solution for conditioning high-performance turf to withstand extreme plant stress. As a dedicated turfgrass specialist, you understand the importance of maintaining high performing, resilient, and visually appealing turf. In the face of adverse environmental conditions and heavy use, Mitigate MZ's cutting-edge formulation combines the power of manganese, zinc, sea kelp, and our Templar™ technology to revitalize and protect your turf from stress like never before. Apply Mitigate MZ prior to the onset of turf stress to help your turf mitigate what can't be prevented!

GUARANTEED NUTRITIONAL ANALYSIS

Nitrogen (N)	5.0%
Manganese(Mn).....	3.0%
Zinc(Zn).....	3.0%

Derived from: Urea, manganese sulfate, zinc sulfate, amino acids, and proprietary sugars, sea kelp.

Net weight: 9.91 lbs/ gallon

APPLICATION RATE

2 - 4 fl. oz. / 1,000 sq. ft. every 7-14 days

Use weekly at 2 fl. oz./1,000 sq. ft. or biweekly at 4 fl. oz./1,000 sq. ft. throughout the growing season. Best results are seen when Mitigate MZ is applied prior to the onset of turf stress. Mitigate MZ should be left to dry on the leaf surface prior to irrigation or rain.
